Klabin

www.klabin.com.br

CERTIFICATE

We hereby certify that our Klabin Papers and Boards which are sold both in Brazil and in overseas markets, according to the definitions of article 3 of the REACH Regulation (Registration, Evaluation and Authorisation of Chemicals), are no more substances or preparations but articles (= objects which during production is given a special shape, surface or design which determines its function to a greater degree than does its chemical composition). Articles are not under the scope of REACH and the registration is not necessary.

Klabin Papers and Boards do not contains post consumer waste and is certified by the ISEGA Institute (Germany), which guarantees the board to be free of contaminants and suitable for direct contact with food.

Klabin Paper and Boards do not contains any substances that exceeds 0.1% (weight/weight) which can be suspected of being carcinogenic, mutagenic, toxic for reproduction, PBT* or vPvB** substances.

*PBT = persistent and bioaccumulative and toxic

**vPvB = very persistent and very bioaccumulative
